## Objective of alliance

cryptomall ou operates “cryptomall”, shopping mall dedicated to cryptocurrencies, that sells only "genuine" products to eradicate "fake" and imitated products". In addition, “cryptomall” handles over 1 million products and is the world’s largest among the shopping malls dedicated to cryptocurrencies.

At "Bit Real Estate", purchase of real estates over 100 million yen or rental of high grade apartments can be done by means of bitcoin (BTC). It is the first in Japan that real estates over 100 million yen are traded in Bitcoin (BTC).

We concluded the alliance of this time with a belief that the collaboration between “cryptomall”, the social contribution-type, cryptocurrency-dedicated shopping mall, which is adapted to global transactions by introducing payment settlements in various cryptocurrencies, and Bit Real Estate, which is offering a leading-edge service by introducing Bitcoin (BTC) settlement in real estate transactions, will create synergies and bring values to customers of the both companies.

## Milestones:

Through this partnership, we will work to make effective use of the assets owned by both companies and aim to realize the effects of the partnership soon.
